Project Title: UBA (Unnat Bharat Abhiyan)

27th October, 2023

Adopted Village: Khedavada

Activity: Village Survey

Objective: Identified problems and addresses them.

Problem: Stone major health issue among the villagers due to contaminated water.

Solution: To stop kidney stones caused by dirty water in a village, we focused on making the water better by using cleaning methods, telling people to drink more water, and suggesting changes in what they eat. We added herbal treatments carefully after talking to healthcare experts, and told everyone how to prevent kidney stones and stay clean. We also asked the community to take responsibility and asked the government to help fix the infrastructure and support healthcare.

Outcome: We all worked together—doctors, local leaders, and the people—to fix the problem in a simple way.
